Security ProAdvisors Announces Recipient of the ASIS NYC 2025 Keith Oringer Leadership Award

November 25, 2025 - Bedminster, NJ – Security ProAdvisors and the New York City Chapter of ASIS International are proud to announce Jillian Johnson, a senior at Northeastern University, as the recipient of the 2025 Keith Oringer Leadership Award, an honor created to celebrate the life, legacy, and enduring values of industry leader Keith Oringer. The award was presented during the joint ASIS/ISC East “Person of the Year” Luncheon in New York City on November 20th.

As many in the security community know, Keith Oringer passed away unexpectedly earlier this year. With more than 30 years of leadership, including his time as President of US Security Associates and later as Founder and CEO of Security ProAdvisors, Keith was widely respected for his unwavering integrity, innovative mindset, and deep commitment to mentoring others. To preserve his legacy and continue his impact, Craig Schwab, Chief Operating Officer of Arrow Security and Mario Doyle, President & Chief Operating Officer of Doyle Security Services established the Keith Oringer Leadership Award to recognize a student who embodies the qualities Keith championed throughout his life: empathy, compassion, integrity and strong, service-driven leadership.

This year’s award recipient, Jillian Johnson, exemplifies these values in extraordinary ways. A high-achieving student pursuing a dual major in English and Political Science, Jillian has demonstrated a longstanding dedication to serving her community and uplifting those around her. Throughout high school and college, she has remained deeply involved in volunteerism and mentorship, guided by a genuine desire to help others and lead with purpose.

Jillian coaches youth athletes in field hockey and track & field, roles that allow her not only to teach the fundamentals of sport but also to instill confidence, provide encouragement and serve as a positive role model for children in her community. Beyond athletics, she is an active member of the Phi Alpha Delta Pre-Law Fraternity, where she volunteers regularly at a local homeless shelter, preparing and serving meals to residents in need.

Jillian believes that authentic leadership is defined by showing up for others, a sentiment that reflects the spirit and legacy of Keith Oringer. “Her compassion, dedication, and commitment to helping others mirror the qualities that made Keith a remarkable leader and mentor,” said Craig Schwab and Mario Doyle, the joint sponsors of the award. “We are honored to recognize Jillian and excited to watch her continue to lead with purpose and integrity.”

About the Keith Oringer Leadership Award

The award was established in 2024 to honor the memory of Keith Oringer, a respected executive, mentor and visionary in the security industry.

About Security ProAdvisors
